Dear Sir/Madam

I am an investor in the 2006 Great Southern MIS Plantation scheme. I am writing to say that I fully support the Governments proposed amendments to the Income Assessment Acts that change the four year holding rule for MIS investments.

In my particular case the proposed legislative amendments are particularly important as I have lost my investment in GSP. This is a scenario that I could never have foreseen when I initially invested in the scheme. At the time of investment I was advised this was a very sound and indeed very conservative investment.

Regards
