I am appealing to all MHR's & Senators  
to reject this "Bill" in its entirety.

It is hard to imagine why elected members would want to sell their souls, lose any integrity, honesty & decency you were taught by following the evil 3 stooges of the Gov. Monetary Control, down the path equal to Greece & Cyprus.

P.M., Treasurer, Adviser "them" can spruik "Black Economy", "Terrorism" & any other "Bull-t" they like but it is illegal & immoral to bring a whole country into Austerity to prop up Banks.

Real Answer - Physical Economy i.e. Gov Banks, create credit, build Dams, Rail, Roads, & Industry.
