

To the filth who is attempting to steal my freedoms and Constitutional rights to spend my cash however I please and, in any amount,

How dare you attempt to rush a Draft Bill through the Senate with the clear intention of stealing the rights and freedoms of Australians to spend their cash however they please and in any amount they desire.

This clearly has nothing to do with a Black Economy, it's about more control over the people of this country and the continual erosion of their wealth by the scum who have been voted into parliament by the people to act in the best interests of the people.

The penalty of imprisonment for life should be for all corrupt politicians (and their minions) who are found by the people to be acting corruptly or not in the best interests of the people in accordance with the Commonwealth Constitution.

I believe It'll be a cold day in hell before the current corrupt criminal government gets voted back into parliament by the good people of Australia.
