Dear Sir,

I write to you in opposition to the - Exposure Draft - Currency a bill to restructure the use of cash. We are opposed to the last bill of Jul 2018 which enabled the banks to have in bank deposits and also this one to restrict withdrawals of over \$10,000. We as a group of concerned neighbours have been appalled at the governments decisions to bring in these BAD laws which affect us & worry us that our money is not safe in the Bank. We hope this law is not enacted.

Yours Concerned
