# **COMMONWEALTH GRANTS COMMISSION**

## **Section 1: Agency overview and resources**

### **1.1 STRATEGIC DIRECTION**

The Commonwealth Grants Commission (the Commission) operates under the *Commonwealth Grants Commission Act 1973*. It is a statutory authority whose role is to provide advice to the Australian Government in response to terms of reference.

The main subject on which the advice is sought is the allocation among the states of the goods and services tax (GST) revenue. Terms of reference for these inquiries are decided by the Australian Government in consultation with the States. The reports are considered at the annual meeting of Ministerial Council for Commonwealth-State Financial Relations.

From time to time, the Commission is also asked to report on the finances of Australia's external territories, local government matters and the financing of services for Indigenous people. Terms of reference for those inquiries are developed by relevant Australian Government agencies and the reports are considered by their Ministers.

## 1.2 AGENCY RESOURCE STATEMENT

Table 1.1 shows the total resources from all origins. The table summarises how resources will be applied to the Commission.

## 1.3 BUDGET MEASURES

The Commission does not have any Budget measures for 2010-11.

## Section 2: Outcomes and planned performance

### **2.1 OUTCOMES AND PERFORMANCE INFORMATION**

Government agencies are required to measure their intended and actual performance in terms of outcomes. Government outcomes are the intended results, impacts or consequences of actions by the Government on the Australian community. Agencies are required to identify the programs which contribute to government outcomes over the budget and forward years.

The Commission's outcome is described below specifying the strategy, program, objective, deliverables and key performance indicators used to assess and monitor the performance of the Commission.

**Outcome 1: Informed Government decisions on fiscal equalisation between the States and Territories through advice and recommendations on the distribution of GST revenue and health care grants**

*Note: Recent terms of reference for the Commission have not required advice and recommendations on health care grants.*

#### **Outcome 1 Strategy**

The Commission's strategy is based on its role to provide advice to the Australian Government in response to terms of reference. Five yearly reviews of the methods used to calculate the recommended State shares of GST revenue is the major activity associated with this outcome. The last five year review was completed in February 2010. Between these reviews the shares are updated annually using the most recent data. The last update was completed in February 2010, as part of the review.

The Commission will continue with this strategy in the current budget year and the forward years.

#### **Outcome 1 Budgeted expenses and resources**

Table 2.1 provides an overview of the total expenses for Outcome 1 by program.

**Program key performance indicators**

The major effectiveness indicators are the quality of the Commission's research, the accuracy of its calculations and the acceptance of the results it presents to government.

## Section 3: Explanatory tables and budgeted financial statements

Section 3 presents explanatory tables and budgeted financial statements which provide a comprehensive snapshot of agency finances for the budget year 2010-11. It explains how budget plans are incorporated into the financial statements and provides further details of the reconciliation between appropriations, program expenses and special accounts.

### 3.1 EXPLANATORY TABLES

#### 3.1.1 Movement of administered funds between years

The Commission does not have any administered funds.

#### 3.1.2 Special accounts

Special accounts provide a means to set aside and record amounts used for specified purposes. Special accounts can be created by a Finance Minister's Determination under the *Financial Management and Accountability Act 1997* or under separate enabling legislation. Table 3.1.2 shows the expected additions (receipts) and reductions (payments) for each account used by the Commission.

### **3.1.3 Australian Government Indigenous Expenditure**

The Commission does not have any Australian Government Indigenous Expenditure.

## **3.2 BUDGETED FINANCIAL STATEMENTS**

### **3.2.1 Differences in agency resourcing and financial statements**

There are no material differences between the resource information presented in the Budget Papers and Portfolio Budget Statements as a result of differences between Australian Accounting Standards and Government Finance Statistics.

### **3.2.2 Analysis of budgeted financial statements**

The Commission normally receives a relatively steady level of funding and its workload and expenses vary over a five year cycle.
