Financial System Enquiry

To Whom It May Concern

"RE BAIL-IN"

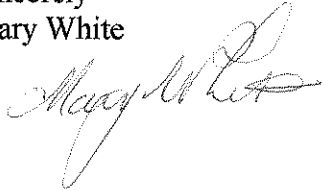

As an Australian Citizen I am very concerned that the Government may consider stealing the deposits of the hard working citizens of this country.

The deposits in the banks are for safe keeping for the ordinary everyday citizen.

NOT—for the banks to use for their own advantage to invest and gamble with our money.

I am strongly opposed to the Government pushing for the "BAIL-IN".

Sincerely
Mary White
