Submission: Exposure Draft-Currency (Restrictions on the use of Cash) Bill 2019

Dear Manager,  
RE. Currency (Restrictions of use of Cash) Bill 2019

I am writing to express my strong opposition to the draft.  
Currency (Restrictions on the use of cash) Bill 2019.  
Currency (Restrictions on the use of cash) Expected-Transactions.Instrument  
2019 and  
Currency (Restrictions on the use of cash) Consequential Amendments and  
Transitional Provisions) Bill 2019.

The proposed Bill and associated instrument is an assault on our Democracy and  
peoples personal freedoms and rights.

We the people should be able to freely transact in a Democratic Society.

These laws, if implemented are Draconian and taking away our rights.

The excuses given (Anti money Laundering) are purely an excuse to make this  
Bill sound credulous to the average person.

Whilst I don't condone Money laundering this Bill is not the answer.

The only outcome of this bill is to impose Draconian laws upon us the people,  
taking away our freedom and rights.

If this Bill is passed people will be forced to leave money in the banks.

With the Bail In laws and Negative interest rates looming in the not so distant  
future, Australians will have no choice of free market.

As a self funded Retiree I was opposed to the Bail In laws (and still am) and now  
find that you want to pass a Bill that traps me totally in either a very volatile  
stock market or Banks that I have no trust or faith in.

This country has been founded on a constitution of Freedom and Basic rights and  
you will be taking these away from us the people if you pass this Bill.

I implore you to keep the freedom allowing people to transact in a Democratic  
Society as they see fit and wish.

It is my will that you vote this bill down.

Regards,  
Beate Lerchner.
