

I totally object to the Exposure Draft of the Currency (Restrictions on the Use of Cash) Bill 2019 for the following reasons:

- 1 We (the public) are being forced to use private banks for the banks' advantages. This paves the way for negative interest to be charged in a recession.
- 2 This is an attack on civil liberties and is not in the best interests of the public.
- 3 The details of the bill can be changed at the discretion of the minister. The proposed cash limit is \$10,000, but it can easily be reduced by the minister without consultation or oversight.
