Submission: Exposure Draft—Currency (Restrictions on the Use of Cash) Bill 2019

'Black Economy' Legislation introduced by the 'Coalition (Liberal/Nationals) Australian Federal Government' - in delegation of authority to - the Reserve Bank of Australia; as Inspired by the IMF's Working Paper 'Enabling Deep Negative Rates to Fight Recessions: A Guide' by R. Agarwal & M.S. Kimball. At the height of the GFC in 2009, in its attempt to bring stability to the Financial Institutions of Australia, The Federal Government announced a "Guaranteed Backing" of the banks through Bond Purchases of its own Treasuries in the event of a 'Financial Capitulation' – injecting the troubled proprietary with liquid funds to continue to pay its obligations, and therefore, continue its work in business. This 'Guarantee' from Government not only protected the financial industry in times of unprecedented uncertainty – the 'Guarantee' invariably set the tone for full offensive business strategy moving forward for the years ahead due to the tipping of the balance scales in regard to Risk/Reward outcomes or consequences. Invariably, the Federal Government has condoned the rampant high-risk business model of Australia's Banking System. And now, the audacity in its direct mistake of the 'Guarantee' – wants to continue in its assertion to protect the banks by means of 'Bail-In'!!!

ABSTRACT

Dear Treasury, Exposure Draft Legislation - CURRENCY BILL 2019 - is a classic misdirection by deception in its attempt to be perceived as decreasing the modus operandi of the 'Black Economy' in its use of Cash; whilst the proposed Law is - in actuality - directed at the citizenry of Australia to legalize the confiscation by which the Federal Government will allow the 'RBA' to impose 'Bail-In' requirements to stabilize the Banking Institutions of our nation in the event of a sudden 'Deflationary Event'. To legalize Currency Bill 2019 is by its very nature the method to trap Australians in the banking system, with no means of escape by method of funds withdrawal - when seizure by 'confiscation' by the 'RBA' will be Legal due to allowing Currency Bill 2019 to pass. Opposition to this Bill is of ANY monetary amount; whether the proposed limit in the use of Cash being AUD \$10,000 or AUD \$0.01 – Principals Stand.

A PROTEST BY A PACIFIST FOR THE CITIZENRY OF AUSTRALIA IN OUR OPPOSITION ON THE BAN OF THE USE OF CASH BETWEEN TWO CONSENTING PARTIES, BY WHICH THE IMPOSITION OF PROPOSED LAW ON THE FORCEFUL USE OF AN 'ELIGIBLE COUNTERPARTY' DETERMINED BY THE RESERVE BANK IN ITS ABSOLUTE DISCRETION – IS IN AND OF ITSELF A VIOLATION ON THE FREEDOMS OF THE PEOPLE OF THE COMMONWEALTH OF AUSTRALIA AS 'FREE' CITIZENS UNDER THE REIGN OF HER MAJESTY, THE QUEEN. THE USE OF LEGAL TENDER NOTE, COINS AND/OR DIGITAL REPRESENTATION THEREIN FOR THE PURPOSE OF EXCHANGE AND/OR TRADE SHOULD NOT BE SUBJECT TO THIRD PARTY 'ELIGIBLE COUNTERPARTY'. THE FOREFATHERS OF THOSE WHOM ROAM THE HALLS OF TREASURY, AND OF THOSE WHOM WALK THE LAND OF THIS GREAT NATION, WENT TO WAR AND GAVE THEIR LIVES FOR THE FREEDOMS OF THEIR ANCESTRY; 'LEST WE FORGET'.
